Innovations
in flooring

Fig. 01 | Autumn

Kronotex provides innovation in surface design

Extremely durable, high quality. Real Slate Stone Veneer, commercially bonded to (HDF) High Density Fibre Board which forms a stable flooring panel.

NATURAL STONE VENEER

real stone
STEINFURNIER
stone veneer

The uneven surface and the changing interplay of colours in the individual stone layers make each panel unique and a sensory experience.

New innovation in Kronotex flooring

Stone veneer – a truly natural product that can be installed as easily as all Kronotex floors, offering key advantages over solid slate slabs:

QUALITY.

INDIVIDUAL SURFACE DESIGN

real stone
STEINFURNIER
stone veneer

No need for special cutting tools.

No complex pre-treatment of the sub-floor.

No need to bond with the sub-floor.

No need for time consuming and dusty grouting.

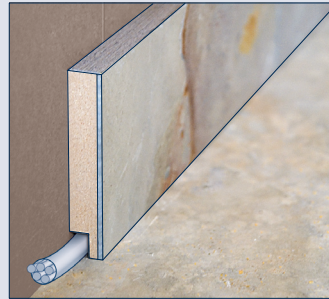

Can be walked on immediately.

Can be used in conjunction with specified under floor heating.
